Great-West Lifeco reports fourth quarter 2014 results and increases dividend by 6%

Winnipeg, February 12, 2015 ... Great-West Lifeco Inc. (Lifeco) has reported net earnings attributable to common shareholders of \$657 million or \$0.658 per common share for the three months ended December 31, 2014 compared to \$717 million or \$0.717 per common share a year ago. In the fourth quarter of 2013, net earnings included a litigation recovery of \$226 million after-tax or \$0.226 per common share. Excluding the litigation recovery in 2013, the year-over-year growth in net earnings was 34%.

For the twelve months ended December 31, 2014, Lifeco's net earnings attributable to common shareholders were \$2,546 million or \$2.549 per common share, compared to \$2,278 million or \$2.340 per common share a year ago. Excluding the litigation recovery in 2013, the year-over-year growth in net earnings was 24%.

Total assets under administration grew to approximately \$1.1 trillion at December 31, 2014, up 40% from December 31, 2013. This includes \$207 billion of assets under administration related to the J.P. Morgan Retirement Plan Services large-market recordkeeping business, which was acquired in the third quarter of 2014, and reflects strong organic growth in all geographies.

Highlights

- The Company declared a quarterly common dividend of \$0.3260 per common share payable March 31, 2015, a 6% increase from the previous quarter.
- Total Company premiums and deposits in the fourth quarter of 2014 of \$24.0 billion were up 4% from the same quarter in 2013:
 - Canada premium and deposits were \$5.9 billion, up over 9%, primarily driven by a 16% increase in Wealth Management premiums and deposits.
 - Europe premiums and deposits were \$5.3 billion, down 21%, primarily as a result of lower Ireland fund management sales and lower U.K. payout annuity sales.
 - Great-West Financial premiums and deposits were US\$2.0 billion, down 6% compared to the fourth quarter of 2013. Individual Market segment sales increased 15%, offset by a decrease in Retirement Services sales due to a large public/non-profit plan sale in the fourth quarter of 2013 that did not recur.
- Lifeco sales during the quarter were \$21.6 billion, down 1% from a year ago, as strong results in Canada and Putnam were offset by lower sales in Europe and Great-West Financial.
 - Putnam gross sales were US\$9.2 billion, up 12% compared to the fourth quarter of 2013, driven by growth in both mutual funds and institutional products.

- Lifeco launched a new brand, Empower Retirement, following the acquisition of J.P. Morgan Retirement Plan Services (RPS) large-market recordkeeping business and its plan to consolidate RPS with the retirement services businesses of Great-West Financial and Putnam.
- The Company maintained a strong ROE of 15.7% based on net earnings.
- The Company's capital position remained very strong. The Great-West Life Assurance Company reported a Minimum Continuing Capital Surplus Requirements (MCCSR) ratio of 224% at December 31, 2014.

OPERATING RESULTS

Consolidated net earnings of Lifeco include the net earnings of The Great-West Life Assurance Company (Great-West Life) and its operating subsidiaries London Life Insurance Company (London Life) and The Canada Life Assurance Company (Canada Life); Great-West Life & Annuity Insurance Company (Great-West Financial) and Putnam Investments, LLC (Putnam), together with Lifeco's Corporate operating results.

CANADA

The Canada segment of Lifeco includes the operating results of the Canadian businesses operated by Great-West Life, London Life and Canada Life, together with an allocation of a portion of Lifeco's corporate results. The three primary business units included in this segment are Individual Insurance, Wealth Management and Group Insurance. The Company provides accumulation, annuity, life, disability and critical illness insurance products to individual and group clients.

Net earnings attributable to common shareholders for the fourth quarter of 2014 were \$300 million, up 11% compared to \$270 million in the fourth quarter of 2013. For the twelve months ended December 31, 2014, net earnings attributable to common shareholders were \$1,228 million, up 7% compared to \$1,148 million for the same period in 2013.

Total sales in the fourth quarter of 2014 were \$3.3 billion, an increase of 16% compared to \$2.9 billion in the fourth quarter of 2013. The increase was primarily driven by a 19% increase in Wealth Management sales, partially offset by lower Individual life insurance sales. Total sales for the twelve months ended December 31, 2014 were \$12.2 billion compared to \$10.8 billion in 2013.

Total Canada segment assets under administration at December 31, 2014 were \$161 billion, compared to \$149 billion at December 31, 2013.

UNITED STATES

The United States operating results for Lifeco include the results of Great-West Financial, Putnam and the insurance businesses in the United States branches of Great-West Life and Canada Life, together with an allocation of a portion of Lifeco's corporate results.

Great-West Financial provides an array of financial security products, including employer-sponsored defined contribution plans, administrative and recordkeeping services, fund management and investment and advisory services. It also provides individual retirement accounts, life insurance and annuity products and executive

benefits products. Putnam provides investment management, certain administrative functions, distribution and retirement services through a broad range of investment products.

During the fourth quarter of 2014, as part of the acquisition of J.P. Morgan Retirement Plan Services large-market recordkeeping business completed on August 29, 2014, a new combined brand - Empower Retirement - was launched to consolidate and support the retirement services businesses of Great-West Financial, the acquired J.P. Morgan Retirement Plan Services and Putnam. Effective January 1, 2015, these retirement services businesses have merged, creating the second largest recordkeeping provider in the U.S. with 7.1 million participant accounts.

Net earnings attributable to common shareholders for the fourth quarter of 2014 were \$89 million compared to \$56 million in the fourth quarter of 2013. Great-West Financial reported net earnings of \$93 million in the fourth quarter compared to \$81 million for the same quarter last year. Putnam reported a net loss of \$1 million in the fourth quarter compared to a net loss of \$25 million a year ago. For the twelve months ended December 31, 2014 net earnings attributable to common shareholders were \$306 million compared to \$276 million in 2013.

Great-West Financial sales in the fourth quarter of 2014 were US\$4.0 billion, down from US\$5.3 billion in the fourth quarter of 2013. Lower Retirement Services sales in 2014, as a result of a large public/non-profit plan sale in the prior year that was not repeated in current quarter, were partially offset by an increase in sales in Individual Markets. Sales for the twelve months ended December 31, 2014 were US\$15.3 billion compared to US\$12.5 billion in 2013, a 22% increase.

Putnam assets under management as at December 31, 2014 were US\$158 billion compared to US\$150 billion a year ago, an increase of 5%. Net asset outflows for the fourth quarter of 2014 were US\$1.2 billion compared to net asset inflows of US\$0.3 billion for the same quarter in 2013. Mutual funds net inflows of \$0.7 billion were offset by institutional net outflows of US\$1.9 billion. In January 2015, Jeffrey L. Gould became the Head of Putnam Global Institutional Management business. As a deeply experienced, highly regarded industry leader, Mr. Gould is expected to benefit Putnam's presence and impact in the institutional asset management market going forward.

Putnam net asset inflows for the twelve months ended December 31, 2014 were US\$1.3 billion compared to net inflows of US\$0.7 billion in the prior year, driven by an improvement in mutual fund inflows of US\$2.2 billion.

Total United States segment assets under administration at December 31, 2014 were \$697 billion compared to \$422 billion at December 31, 2013.

EUROPE

The Europe segment comprises two distinct business units: Insurance & Annuities and Reinsurance, together with an allocation of Lifeco's corporate results. Insurance & Annuities provides protection and wealth management products including payout annuities, through subsidiaries of Canada Life in the U.K., Isle of Man and Germany, and through Irish Life in Ireland. Reinsurance operates primarily in the U.S., Barbados and Ireland, and is conducted through Canada Life, London Life and their subsidiaries.

Net earnings attributable to common shareholders for the fourth quarter of 2014 were \$274 million compared to \$202 million in the fourth quarter of 2013. Restructuring costs related to the integration of Irish Life were \$6 million in-quarter, compared to \$23 million in the fourth quarter of 2013. For the twelve months ended December 31, 2014 net earnings attributable to common shareholders were \$1,038 million compared to \$701

million for the same period in 2013. On a year-to-date basis, net earnings in 2014 include \$25 million of restructuring costs related to the integration of Irish Life, compared to \$97 million of acquisition and restructuring costs for the same period in 2013. The 2014 year-to-date results include twelve months of Irish Life results while 2013 year-to-date results include Irish Life results from the date of acquisition, July 18, 2013 (approximately six months).

Insurance & Annuities sales for the fourth quarter of 2014 were \$3.2 billion, compared to \$4.8 billion a year ago, a decrease of 34%, primarily driven by lower wealth and investment fund management sales and by a 72% reduction in U.K. payout annuity sales resulting from changes announced in the 2014 U.K. Budget. Total sales for the twelve months ended December 31, 2014 were \$12.4 billion, up 25%, compared to \$9.9 billion in 2013.

Total Europe segment assets under administration at December 31, 2014 were \$205 billion, up from \$188 billion at December 31, 2013.

Comparative figures for premiums and deposits (a non-IFRS financial measure) have been restated for consistency.

Paid or credited to policyholders includes the impact of changes in fair values of assets supporting insurance and investment contract liabilities. Services provided relating to assets under administration include recordkeeping, safekeeping, collecting investment income, settling of transactions or other administrative services. Administrative services are an important aspect of the overall business of the Company and should be considered when comparing volumes, size and trends.
