 related to U.S. debt refinancing activity, were US\$66 million, up 6%, compared to US\$62 million in the second
 quarter of 2017. The increase was primarily due to net growth in the business and the benefit of a lower U.S.

 million excluding the refinancing impact, compared to US\$104 million for the same period last year.

EUROPE

- Q2 Europe segment net earnings up 11% Net earnings attributable to common shareholders for the second
 quarter of 2018 were \$355 million, up 11%, compared to \$321 million in the second quarter of 2017, primarily
 driven by a higher impact from insurance contract liability basis changes mainly reflecting longevity assumption
 updates, partially offset by lower contributions from investment experience. For the six months ended June
 30, 2018, net earnings were \$699 million compared to \$610 million for the same period last year.
- Q2 Europe segment sales up 14% Sales for the second quarter of 2018 were \$5.5 billion, an increase of 14% compared to the same quarter last year reflecting the inclusion of Retirement Advantage sales and strong growth across most products.

The acquisition is subject to regulatory approval and customary closing conditions, and is expected to be completed in the third quarter of 2018.
- Sale of heritage policies to Scottish Friendly announced Canada Life Limited, a U.K. subsidiary of the Company, agreed to sell a block of 155,000 heritage policies with assets and liabilities of £2.7 billion to Scottish Friendly. Canada Life Investments, a U.K. subsidiary of the Company, will continue to manage a substantial portion of the transferring unit-linked assets. The block has largely been closed to new business since 2003 and comprises individual life savings policies, individual pensions saving policies and individual protection policies. The transfer of these policies to Scottish Friendly is subject to regulatory approval and the satisfactory completion of certain closing conditions, and is expected to occur in late 2019. This sale, together with the integration of the Retirement Advantage business, will act as an enabler to help move forward in transforming the U.K. business to increase focus on the retirement market to serve the evolving needs of customers and support future growth.
